

Specified Risk Materials (SRM) Certificate Required by Switzerland

Switzerland requires the below page (instead of the SRM certificate available on the general European Union page) to be included as the last page of the certificate for the import of most animal origin products.

Additional certification for importing by-products of bovine, ovine or caprine animals and processed products manufactured from these by-products¹⁾ into Switzerland, based on Regulation (EC) No. 999/2001 of the European Parliament and of the Council of 22 May 2001 laying down rules for the prevention, control and eradication of certain transmissible spongiform encephalopathies²⁾

Form no. 07/29	Certification no.: Certification no. ³⁾ of
Issuing authority: Ministry: Department: Local/regional authority:	
Confirmation either (*) [(a) the animal by-product contains neither specified risk materials as defined in Annex V of Regulations (EC) No. 999/2001 nor mechanically separated meat obtained from bones of bovine, ovine or caprine animals and is also not derived from such materials or such meat; (b) the animals from which this animal by-product were derived have not been slaughtered after stunning by means of gas injected into the cranial cavity or killed by the same method or slaughtered by laceration after stunning of central nervous tissue by means of an elongated rod-shaped instrument introduced into the cranial cavity;] or (*) [(a) the animal by-product only contains materials or has only been manufactured out of materials from bovine, ovine or caprine animals that were born, raised without interruption and slaughtered in a country or region which is classified according to Article 5 (2) of Regulations (EC) No. 999/2001 as a country or region with negligible BSE risk.] (*) Please cross out where not applicable	
Place and date:	Stamp and signature of official veterinarian: Name in capital letters:
